

ATV Use in Narrow Hills Provincial Park

The Parks Act and The Parks Regulations restrict the use of an all terrain vehicle (ATV) to trails which have been designated for that purpose. In Narrow Hills Provincial Park, specific trails have been designated for ATV travel. This brochure contains a map of designated trails and provides general information for your personal safety and the safety of other park users.

A more comprehensive management strategy governing ATV use is currently being developed. This strategy will ensure that future ATV operation does not negatively impact the park's natural vegetation and ecosystem.

Keep the following tips in mind:

- Please ride consciously.
- Remain on the trails at all times.
- Steep slopes are easily stripped of vegetation and erosion quickly removes fragile plant life such as, crocus', lady slippers and tree seedlings. Slopes around Shannon and Ispuchaw lakes are showing the effects of erosion due to foot traffic. ATV traffic can cause erosion at a much faster rate.

A brief summary for ATV travel on public lands:

- All operators must be at least 16 years of age and hold a valid Drivers' Licence.
- All operators must wear a CSA approved helmet and eye protection at all times.
- All operators must have valid liability insurance on their machine and carry proof of insurance with them.

See *The All-Terrain Vehicle Act* for a complete list of regulations.

NOTE:

On Provincial Park land, ATV travel is allowed on designated trails only.

ATV use is not allowed in/on:

- Campgrounds or cottage subdivisions,
- Day-use areas or beaches,
- Roads, including the Narrow Hills Road/Trail,
- Ditches along roadways,
- Hiking trails.
